5th WORLD WASTE-to-WEALTH SUMMIT & EXPO

1st-2nd July 2025 | NDMC-Convention Centre,
Parliament Street, New Delhi-India

Theme:

**Innovation and Technology for Smart Waste
Solutions towards Net Zero**

Invitation

Dear Colleagues:

With the phenomenal success of World 4th Waste-to-Wealth Summit-2024 where national & international delegates, dignitaries and speakers participated in the summit during 1st-2nd August 2024 at New Delhi, India. The conference was supported by Ministry of Housing and Urban Affairs, Principal Scientific Adviser to the Government of India, NITI Aayog, Sulabh, Association with IAESPH, Teri, ISWA, National Waste & Recycling Association, CDC, ICWM and many national and international organizations. We are delighted to announce that **Energy And Environment Foundation** would be organizing **5th World Waste-to-Wealth Summit & Exhibition-2025** from **1st to 2nd July 2025** at **NDMC-Convention Centre, Parliament Street, New Delhi, India**. Theme of the Summit is **"Innovation and Technology for Smart Waste Solutions towards Net Zero"**.

As world population grows, rural-urban migration intensifies and economic prosperity development in municipal solid waste. ASEAN region is set to double their solid waste generation in next 20 years from the current 150 million tonnes. It is estimated that the world generates approximately more than ~10 billion tonnes of solid wastes annually.

Waste management is a major concern of all world economies. The amount of waste generated continues to increase according to the economic status and lifestyle habits of countries. Thus integrating **People, Planet & Profit** in managing waste and resource recovery has become more relevant today then ever, that is what the summit will focus on.

The summit will also focus on synergies between new technologies and assessing, their adaptability and suitability for new business model and economic prosperity, finance and technology to deliver clean and safe clean environment solutions for both industries and utilities. The summit will bring the collective intelligence of stakeholders, exchange knowledge, latest technologies and also the acumen of visionary speakers in an effort to catalyze collaboration between the public & private waste-to-wealth utilities, leading technology providers, innovators, financiers, global investors, industrial manufacturers and suppliers.

The 5th World Waste-to-Wealth Summit is the global annual event dedicated to advancing trends, strategies and developments in Municipal Solid Waste, Bio-Medical Waste, Plastic Waste, E-Waste, Hazardous Waste, Agricultural Waste, Industrial Waste, Mineral, Steel and other Metallurgical Waste, Construction and Demolition Waste, Waste-Water Management and Reuse, Innovative R&D Solutions and Management, Education, Skill, Training and Technologies for Collecting, Treating, Recycling & Disposing as well as International Cooperation in the area of Waste Management.

The 5th World Waste-to-Wealth Summit offers all participants an opportunity to benefit from Plenary Addresses, Keynote Addresses, Review and Forecast Papers, Poster Presentations, World CEO Forum and Panel Discussions by eminent policy-makers, scientists and technologists, in the Summit segment. **The Expo** segment will provide a window for the exposition of the latest developments in equipments, products, technologies and services in the Collecting, Treating, Recycling & Value Creation.

We cordially invite you and your peers to contribute to the summit and participate in the Expo. Your presence and valued participation is key to the success of the 5th World Waste-to-Wealth Summit 2025.

Look forward to welcome you for a stimulating exhilarating professional experience at **5th World Waste-to-Wealth Summit & Expo 2025**.

Best regards.

Dr. Anil K Garg
President

Call for Papers

The 5th World Waste-to-Wealth Summit is now **accepting abstracts**. Submit your abstract of original paper in 150-200 words by **May 31, 2025** and take advantage of this opportunity to share your insights with the experts, identify and explore sustainable waste solution. (dranilgarg2011@gmail.com) Papers are invited to present global best practice, advances in fundamental science, innovative research, policy developments, and solutions to challenges faced by professionals worldwide on following:

- Create new, inspiring solutions to the world's recycling challenges
- New Waste Collection & Recycling Technologies and Innovations
- Smart city solutions
- Recycling and utilization of mineral processing
- Interactions of utilities with city / local and state government agencies
- Waste Management and Resource Recovery in:
 - Solid Waste
 - Municipal Solid Waste
 - Liquid Waste
 - Plastic Recycling
 - Electronic Waste
 - Bio Medical Waste
 - Agricultural Waste
 - Zero Discharge
 - Machinery, Vehicles & Tools Solutions
 - Steel and Metallurgical Waste
- Best practices in industrial waste management
- Social and environmental aspects
- Value added products from mineral and metallurgical waste
- R&D activities in beneficiation for utilization of waste dumps/rejects
- Adoption of zero waste practice through value addition
- Modelling treatment processes and systems
- Opportunities of Effective Waste Management and Resource Recovery
- Solutions for optimizing waste systems at the urban scale
- Improve Collection, Treating, Recycling & Disposing Efficiencies
- Recycling and Reuse of Materials for Value Creation
- Corporate Social Responsibility (CSR) and Commitment towards safe and clean environment for society

To Improve your Chance of Success, Consider the Following Criteria:

- Ensure that your paper fits the thematic tracks and that it is relevant for experts and non-experts.
- Submit original content. Describe breakthrough technology, new concepts, novel applications of established concepts or improvements to existing theories (with new supporting data).
- Ensure that the work is well developed. If you can show concrete results that are well supported by data, your paper is more likely to be accepted.
- Clearly show how significant your work is. Your research must be relevant for the world, region or for other researchers and/or professionals working in your field.
- Prepare your outline with care, organise your material well, write clearly in plain English, prepare your graphics professionally, and make sure your information is accurate, up to date, and referenced.

Key Speakers at WWWS (Retrospect)

World Waste-to-Wealth Summit (WWWS) was addressed by a number of national and international experts from waste management sectors, some of the high-profile experts-key speakers include:

H.E. Marten van den Berg
Ambassador of the Netherlands
Embassy of The Netherlands

H.E. Hans Jacob Frydenlund
Ambassador of the Norway
Royal Norwegian Embassy

H.E. André Aranha Corrêa do Lago
Ambassador of the Brazil
Embassy of Brazil

Dr. Laila Iskandar
Co-Founder, CID CONSULTING
Former Minister of State
Government of Egypt

Mr. Anil Razdan
Former Secretary Power
Government of India

Dr. N. B. Mazumdar
Chairman, IAESPH
International Academy of
Environmental Sanitation
and Public Health

Dr. Stephan Hesselmann
Economic Minister Counsellor
Embassy of Germany

Dr. SSV Ramakumar
Director (R&D)
Indian Oil Corporation Limited

Dr. Lakshmi Raghupathy
Former Director of Govt. of India
Ministry of Environment,
Forest and Climate Change

Dr. Jyoti Parikh
Executive Director
IRDADE

Mr. Kostiantyn Gura
Chair of UNECE Bureau of Experts
on Renewable Energy, Ukraine

Dr. Darrell K. Smith
President & CEO
National Waste &
Recycling Association, USA

Mr. Steve Rogers
Chief Commercial Officer
Licella, Australia

Mr. Manik Thapar
Chief Executive Officer
Eco-Wise Waste Management

Mr. Reine Alemar
Director Transport Development
Volvo Trucks, Sweden

Mr. Nakul Kumar Sardana
Founder & CEO
Azyro Sustainability

Mr. Gaurav D. Joshi
Senior Environmental Specialist
Environment, Natural Resources
Blue Economy Global Practice
The World Bank

Mr. Pavel Cech
Managing Director
Resourceco Asia (M) Sdn Bhd
Kuala Lumpur

Prof. Suddhasatwa Basu,
Director
CSIR-Institute of Minerals &
Materials Technology

Ms. Sandra M Mazo-Nix
Coordinator
Municipal Solid Waste Initiative
Climate and Clean Air Coalition
France

Mr. Nitin Gupta
Co-founder & CEO
Attero Recycling Pvt. Ltd.

Dr. Ajay Pradhan,
Chairman-NCR & North India
National Solid Waste Association

Dr. Mushtaq Ahmed Memon
Regional Coordinator for
Resource Efficiency
UNEP, Bangkok

Dr. Kulwant Singh
Chairman, 3R Waste Foundation
Former Advisor, UN Habitat

Mr. Keith Zender
CEO & Founder
RecycleMax, USA

Mr. Sven GOETHALS
Business Development Director
Energy
Tractebel Engineering, Belgium

Dr. Sandip Chatterjee
Director, Government of India
Ministry of Electronics and
Information Technology

Prof. Kaustubha Mohanty
Professor, Department of
Chemical Engineering
IIT Guwahati

Dr. Suneel Pandey
Senior Fellow
Director, Environment &
Waste Management Division
TERI

Dr. Martin Lux
Head of Energy Team-India
KfW Development Bank

Mr. Salman Zafar
CEO
BioEnergy Consult

Mr. Tushar K. Bandopadhyay
Technical Director
Indian Centre for Plastics
in the Environment

Dr. Rajaram Ghadge
Research Specialist (AVP)
Reliance Industries Ltd

Ms. Silpa Kaza
Senior Urban Development
Specialist
World Bank Group, USA

Can You Afford to Miss Out on the Future of Waste Management?

Register today and join network with decision makers, leaders of the Global Waste Management Recycling Industry.

The Summit Aims to:

- Provide an opportunity and open forum to exchange information, share experiences and best practices by bringing together experts, investors and other multi stake holders of public and private sectors, advisory groups, governments, NGOs, non-profit organizations, academia, technology and waste collecting-treating-recycling-disposing companies.
- Focus on the opportunities for private equity and venture capital in cleantech companies and the prospects for financing the scale-up of these game changing innovations and the rapid growth of waste collecting-treating-recycling-disposing solutions i.e.; managing waste and resource recovery projects globally.
- Provide a comprehensive analysis of problems and prospects of waste collecting-treating-recycling-disposing Solution.
- Provide in-depth assessment of regulatory framework.
- Provide an International window to showcase global Indian capabilities & expertise.
- Promote Global co-operation in business and technology.
- Provide an opportunity for interaction and networking.
- Find ways for optimal use of waste resources for the benefit of

Challenges

- ✓ Right Policy Framework and Action
- ✓ Strict Environmental Regulations
- ✓ Health and Safety Concerns
- ✓ Improper Management of Waste Disposal Sites
- ✓ Rising Land Prices
- ✓ Landfill Spaces becoming limited
- ✓ Unwillingness of Local Communities

Issues

- ✓ How do the waste collection resources developing in the future?
- ✓ What is the outlook for the Recycle Market?
- ✓ What is the future of Waste Collection and Recycling?
- ✓ Role of Waste collecting-treating-recycling-disposing for economic growth.
- ✓ Waste Management and its Impact on Circular Economy.
- ✓ Future of Solid Waste Management for all.
- ✓ eWaste, Recycling and Wealth Creation
- ✓ Plastic Recycling and Wealth Creation

Nominations are Invited Energy And Environment Foundation GLOBAL EXCELLENCE AWARDS 2025 Waste Management Sector

Our goal has been to honor and recognize those who have made outstanding contribution and demonstrated excellence, creativity, innovation and applied best practices in waste management and environment industry. The Award will serve as a recognition and tribute to the winner's professionalism commitment to demonstrate excellence in Waste Management Sector.

World Waste-to-Wealth Summit will be bigger and better!

Register today and join network with decision makers from the waste management industry from across the globe.

Who Should Attend

Participants will benefit from the high quality information exchange and networking opportunities. The summit will be marked by the presence of key decision makers from the government, corporate sectors from India, and abroad namely:

- Waste Management Company Executives
- Entrepreneurs / Technologists
- Project Developers
- Waste-to-Wealth Management and Technology Companies
- Equipment Suppliers and Services Companies
- Investors, Banks & Financial Institutions
- Municipality Executives
- Recycling Companies Executives
- Diplomats
- Policy Makers and Regulatory Bodies
- Senior Government Officials
- Senior Waste-to-Energy Sector Executives
- Executives from Private and Public Sector Companies
- Municipalities
- R&D Institutes
- NGOs and Non-Profit Organizations
- Academia - Students & Universities
- Fund Managers / Global Investors

BE PART OF A VIBRANT SHOW: Join the Exhibition

The exhibition area presents the perfect opportunity to promote your company, its products, services, technologies, knowledge and achievements. The exhibition area is the place where lunch/refreshment will be served for networking. Focus on **innovative products, equipments, technologies and services** to:

- A potent force for business where buyer, seller and product, physically come together.
- **B2B** interaction between buyers & sellers.
- Understand latest technologies in the sector.
- Locate alternate source for supplies and technology.
- Identify new business partners and competitors.
- Attract more business.
- Facilitate consumer acceptance and brand publicity.

Exhibit Space Charges

Space Charges	National	International
Build-up Stand (Min. 9 sqm)	INR 12000 per sqm	US\$ 360 per sqm
Raw Space (Min. 36 sqm)	INR 10000 per sqm	US\$ 300 per sqm
Electricity Charges	INR 300 per sqm	US\$ 10 per sqm
Plus GST 18%		

SPONSORSHIP: Become a partner of WWWS25

Sponsorship of the **World Waste-to-Wealth Summit & Expo** will ensure that your company features at the forefront of what is an unrivaled forum for government, traders, financiers, logistics, equipments and service providers.

Outstanding sponsorship opportunities includes Platinum Sponsor, Diamond Sponsor, Gold Sponsor, Silver Sponsor, Branding of the Summit Documentation. We can customise a variety of options to suit your budget, objectives and aspirations to promote your company.

Benefits include

- ✓ Position your company as an Industry Expert & Thought Leader
- ✓ Increase your company's exposure to the Waste Management Industry
- ✓ Display your company logo on the main summit backdrop
- ✓ Launch New Brands, Products & Services on a Global Platform
- ✓ Showcase your website through links from the WWWS website and many more....
